PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Robert Fabian respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 284A at Blanket, Texas.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 284A to Blanket, Texas, as that community's first aural broadcast transmission service. Blanket, Texas is an incorporated community of over 442 people. Blanket has its own local government, post office, city hall, fire department, schools and numerous churches that serve the community. The proposed channel 284A will provide additional diversity and an outlet for local self-expression to Blanket residents and therefore is in the public interest.

Reference coordinates are:

Should this petition be granted, and Channel 284A be allotted to Blanket, Texas, Petitioner will apply for Channel 284A, and after it is authorized, will promptly construct the new facility.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,
